Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelieve in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**I, J. T. W. CHARLES MASTER**, of the **AQUITANIA**, from **Southampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **41** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

**Column 2 (Head-tax status).**—Steamship lines should make no entries in this column. The space is for use of Government officials only.

**Column 4 (Age).**—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 5 (Sex).**—The entry should be either M (male) or F (female).

**Column 6 (Married or single).**—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

**Column 7 (Calling or occupation).**—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

**Column 8 (Able to read and write).**—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

**Column 9 (Nationality).**—Question 9 should be construed to mean the country of which alien is a citizen or subject.

**Column 10 (Race or people).**—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." **Column 11 (Last permanent residence).**—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

**Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."**

**Column 12 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 13 (Final destination).**—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

**Column 14 (Whether having a ticket to such final destination).**—The answer should be either Yes (ticket) or No (no ticket).

**Column 15 (By whom was passage paid).**—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 16 (Whether in possession of \$50, and if less, how much).**—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 17 (Whether ever before in the United States; and if so, when and where).**—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

**Column 18 (Whether going to join relative or friend; and if so, what relative or friend).**—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 20 to 33.**—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do  
solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**  
and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **41** in number, according  
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

Sworn to before me this **MAY 20 1921** day of **MAY**, 19  
at **NEW YORK, N. Y.**

*[Signature]*  
(Signature and title of immigration or other officer authorized to administer oaths)

**NOTE.**—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, **MASTER** of the **AQUITANIA**, from **Southampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **41** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such, by and under the authority of **B. M. C.** and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **41** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **MAY 20 1921** day of **NEW YORK N.Y.**

*[Signature]*  
(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or touches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES** (State whether Master, First, or Second Officer) **MASTER** of the **AQUITANIA**, from **Southampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **59** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HERewith, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.** and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **60** **41** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

**NOTE.**—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, **MASTER** of the **AQUITANIA**, from **Southampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **41** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

**B. SYDNEY JONES.**

I, B. Sydney Jones, Surgeon of the AQUITANIA, SAILING HEREWITH, do  
solemnly, sincerely, and truly **SWEAR** that I have had 27 years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of B. M. C.

and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 41 in number, according  
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

Sworn to before me this May 20, 1921 day of \_\_\_\_\_, 19

at NEW YORK, N. Y.

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in  
the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and  
the language they speak. The original stock or blood shall be the basis of the classifi-  
cation, the mother tongue to be used only to assist in determining the original stock.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**N. T. W. CHARLES**, **MASTER** of the **AQUITANIA**, from **Santhampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **62** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **MAY 20 1921** day of **MAY**, 19 **21**, at **Santhampton**, **COMMENDING** Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**HISPANIC AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **ASQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **C. M. B.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **41** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Can you read and write?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**I, J. T. W. CHARLES MASTER**, of the **AQUITANIA**, from **Southampton**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this **MAY 2 0 1921** day of \_\_\_\_\_, 19

**NEW YORK**

*[Signature]*  
Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Record on this blank United States citizens and citizens of insular possessions of the United States arriving at a port of continental United States from a foreign port or a port of the insular possessions of the United States, and such citizens arriving at a port of said insular possessions from a foreign port, a port of continental United States, or a port of another insular possession.

## Arriving at Port of

NEW YORK

21 MAY 1921, 19

*Notes.*—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all form of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, <sup>MASTER</sup> of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 50 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

**Column 2 (Head-tax status).**—Steamship lines should make no entries in this column. The space is for use of Government officials only.

**Column 4 (Age).**—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 5 (Sex).**—The entry should be either M (male) or F (female).

**Column 6 (Married or single).**—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

**Column 7 (Calling or occupation).**—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

**Column 8 (Able to read and write).**—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

**Column 9 (Nationality).**—Question 9 should be construed to mean the country of which alien is a citizen or subject.

**Column 10 (Race or people).**—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)." **Column 11 (Last permanent residence).**—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

**Column 12 (Name and complete address of nearest relative or friend in country whence alien came).**—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

**Column 13 (Final destination).**—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

**Column 15 (Whether having a ticket to such final destination).**—The answer should be either Yes (ticket) or No (no ticket).

**Column 16 (By whom was passage paid).**—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 17 (Whether in possession of \$5, and if less, how much).**—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

**Column 18 (Whether ever before in the United States; and if so, when and where).**—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

**Column 19 (Whether going to join relative or friend; and if so, what relative or friend).**—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 20 to 33.**—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

**AFFIDAVIT OF SURGEON**

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HERewith**, do  
(State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be)  
 solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**  
 , and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according  
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

**LIST OF RACES OR PEOPLES**

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

*Note.*—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, <sup>MASTER</sup> of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race & people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1895-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **D. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWear** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Signature and title of immigration or other officer authorized to administer oaths.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1893-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether residing in Italy or elsewhere, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classified as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with discontinuity of one year shall constitute permanent residence. The last country in which alien resided with discontinuity of one year shall constitute permanent residence. The last country in which alien resided with discontinuity of one year shall constitute permanent residence. The last country in which alien resided with discontinuity of one year shall constitute permanent residence.

Column 12 (Name and complete address of nearest relative or friend in country where alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether has visa or ticket to such final destination).—The answer should be either Yes (check) or No (check).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$20, and if so, how much).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 33.—These questions are self-explanatory and the answers like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAKING HEREWITH** do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 7: *Calling or occupation*.—The entry should describe as accurately as possible the occupation, trade, vocation, or service of each alien arrived, as for example, civil engineer, stationary engineer, locomotive engineer, printing engineer, house painter, steel polisher, iron molder, wood turner, etc., and not simply as engineer, painter, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown as income.  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8: *Ability to read and write*.—This column is subdivided and contains the following question: "Read what language (or if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for each exemption should be given.  
Column 9: *Nationality*.—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10: *Race or people*.—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject. Country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "English" appearing under the head of race or people does not mean "English" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN**.—The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN**.—"West Indian" refers to the people of the West Indies other than either Cuba or Negroes.  
**SPANISH AMERICAN**.—"Spanish American" refers to the people of Central and South America of Spanish descent.  
**AFRICAN RACE**.—"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11: *Last permanent residence*.—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12: *Name and complete address of nearest relative or friend in country whence alien came*.—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13: *Final destination*.—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14: *Whether having a ticket to such final destination*.—The answer should be either Yes (ticket) or No (no ticket).

Column 16: *By whom was passage paid*.—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17: *Whether in possession of \$20, and if less, how much*.—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18: *Whether ever before in the United States; and if so, when and where*.—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19: *Whether going to join relative or friend; and if so, what relative or friend*.—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.  
**HISPANIC AMERICAN.**  
"Spanish American" refers to the people of Central and South America of Spanish descent.  
**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy, i. e., departments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po, i. e., departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)".

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided, with the permanent residence one year or more shall be the last permanent residence, regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (*Name and complete address of nearest relative or friend in country of last permanent residence*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES, MASTER**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, vessel, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (Whether in possession of \$50, and if so, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, MASTER of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$10, and if not, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **swear** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **21** MAY 1927 day of \_\_\_\_\_, 19

*[Signature]*

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, MASTER of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **31** MAY 1901 day of \_\_\_\_\_, 19\_\_\_\_

COMMANDING Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head for status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeña) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intent. A future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **D. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **D. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

at **NEW YORK**

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, **MASTER** of the **AQUITANIA**, from **SOUTHAMPTON**,  
(State whether Master, First, or Second Officer)  
solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon  
employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the  
foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own  
investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by  
section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in  
said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.** and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

*NOTE.*—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, MASTER, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **21 MAY 1921** day of **MAY**, 19**21**  
at **NEW YORK**

COMMANDING OFFICER.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, MASTER of the **AQUITANIA**, SOUTHAMPTON, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head for status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **Swear** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. **CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.  
**HISPANIC AMERICAN.**  
"Spanish American" refers to the people of Central and South America of Spanish descent.  
**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."  
Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, vessel, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of fare, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1895-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUILA**, SAILING HERETO, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

*[Signature]*  
Signature and title of immigration or other officer authorized to administer oaths.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

SOUTHAMPTON

I, **J. T. W. CHARLES**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **30** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING OFFICER.

Sworn to before me this **21** day of **MAY**, 19**21**, at **NEW YORK**.

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy or to compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$50, and if not, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not Yes or No in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, Master of the **AQUITANA**, from **OUTHAMP**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **21** MAY 19**07**, day of **MAY**, 19**07**, at **NEW**.

COMM. IN. Officer.

Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Coal miner, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people; and, similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than other Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Friaul) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No, in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia).

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. V.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

*Note.*—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**I, J. T. W. CHARLES WINTER**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **IWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African type should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **swear** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**HISPANIC AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gadic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Age*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling & occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, boiler maker, wood turner, etc., and not simply as engineer, polisher, maker, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "France" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. Most of these peoplespeak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these peoplespeak a Gallic dialect of the Italian language.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in "s" regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, J. T. W. CHARLES, Master of the AQUITANIA, from SOUTHAMPTON, do solemnly, sincerely, and truly that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, — 50 in number, and that from the report of said surgeon, and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 "Head-tax status" — Steamship lines should make no entries in this column. The space is for use of government officials only.  
Column 4 "Age" — The answer in this column should be expressed in years or months; the latter applying only to those under 1 year of age.  
Column 5 "Sex" — The entry should be either M (male) or F (female).  
Column 6 "Married or single" — The answer should be M (married), S (single), W (widowed), or D (divorced).  
Column 7 "Calling or occupation" — The entry should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as, for example, "rail engineer, stationary engineer, locomotive engineer, mining engineer, house painter, steel worker, iron moulder, wood turner, etc.", and not simply "mechanic, painter, welder, turner, or other indefinite designations."  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make no distinction between the manifests and corrections should be made, if necessary, by inspectors and registers, during the personal examination of alien arrivals.  
Column 8 "Able to read and write" — This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 "Nationality" — Question 9 should be continued to mean the country of which alien is a citizen or subject.  
Column 10 "Race or people" — See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject; country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registers with a view to this regard. For instance, "French" appearing under the head of race or people does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "French" by country. An Irish, German, or Polish alien by race might properly come under the heading of English, Swiss, or American, or any other country. In this connection the following distinctions should be especially observed:

- CUBAN.
- The term "Cuban" refers to the Cuban people (not Negroes).
- WEST INDIAN.
- "West Indian" refers to the people of the West Indies other than either Cubans or Negroes.
- SPANISH AMERICAN.
- "Spanish American" refers to the people of Central and South America of Spanish descent.
- AFRICAN (BLACK).
- "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN NORTH

The people who are native to the basin of the River Po in northern Italy, i. e., the departments of Piedmont, Lombardy, Veneto, and Emilia, and their descendants, whether residing in Italy, Sicily, Sardinia, Austria-Hungary, or any other country, should be placed as "Italian North." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN SOUTH

The people who are native to that portion of Italy south of the basin of the River Po, i. e., the departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be placed as "Italian South."

Column 11 "Last permanent residence" — Attached to an intended permanent residence of one year shall constitute permanent residence. The last country in which alien resided, with the exception of permanent residence, one year or more shall be the last permanent residence, regardless of period of absence, etc., etc. For the purpose of this question, the country of last permanent residence should be shown, and the country of last permanent residence indicated by country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence contains those who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States."

Column 12 "Name and complete address of nearest relative or friend in country whence alien came" — The entry should give name and address of such relative. If no such relative living give name and address of friend.

Column 13 "Final destination" — The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 "If father having a ticket to such final destination" — The answer should be either Yes (ticket) or No (no ticket).

Column 15 "By whom was passage paid" — The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 "If father or person of \$50, and if less, how much" — The answer should give in each case individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 "If father ever before in the United States, and if so, when and where" — The entries should show whether or not Yes or No in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 "If father going to join relative or friend; and if so, what relative or friend" — The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 20 to 24 — These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass-polisher, steel polisher, iron molder, wood turner, etc., and not simply assembler, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [of, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people assigned to said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.  
**SPANISH AMERICAN.**  
"Spanish American" refers to the people of Central and South America of Spanish descent.  
**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$2, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 33, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

I, **J. T. W. CHARLES**, of the **AQUITANIA**, from **OUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **21** **MAY** 19**22** day of **NEW YORK**, 19**22**

**COMMANDING Officer.**

Immigration Officer.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Latin dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUINANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **TWENTY-FOUR** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **21** day of **May**, 19**21**,  
at **NEW YORK**

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

SOUTHAMPTON

I, **J. T. W. CHARLES**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this **21** day of **MAY 1921**, 19  
at **NEW YORK**

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cuban or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negroes, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sanabria) and their descendants should be classed as "Italian (south)".

Column 11 (Last permanent residence).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid: vessel, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (Whether in possession of \$30, any of less, how much).—The answer should give in each case individual or family (check exact amount or money shown). Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 24.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officers or officials, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**T. J. T. W. CHARLES**, Master of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for him self or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy; i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po; i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian (south)".

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$10, and if so, how much*).—The answer should give, in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **S. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **24** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disaffection or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

**AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER**

**J. T. W. CHARLES**,  
**MASTER** of the **AQUITANA**, from **SOUTHAMPTON**, do  
 solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon  
 employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the  
 foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own  
 investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by  
 section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in  
 said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**INSTRUCTIONS FOR FILLING ALIEN MANIFESTS**

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by two birth properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 25, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I let

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HERewith**, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, as, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$50, and if less, how much).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful consulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, **MASTER**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **30** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**COMMANDING Officer.**

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry should be either M (male) or F (female).

Column 5 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (Nationality).—Question 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gaiar dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gaiar dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

*[Signature]*  
(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching distrust in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

SOUTHAMPTON

I, **J. T. W. CHARLES**, MASTER of the **AQUITANIA**, from \_\_\_\_\_, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this **11 MAY 1921** day of \_\_\_\_\_, 19  
at **NEW YORK**

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Read for status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (1) engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully rectified by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid: self; husband; father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as: 1891 (N.Y.), Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING **AT NEW** WITH **do**  
 solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**  
 and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **30** in number, according  
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

Sworn to before me this **21 MAY 1921** day of \_\_\_\_\_, 19  
 at **NEW YORK**

*[Signature]*  
 Signature and title of immigration officer authorized to administer oaths.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in  
 the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and  
 the language they speak. The original stock or blood shall be the basis of the classi-  
 fication, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, <sup>(State what is Master, First, or Second Officer)</sup> **MASTER**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

HISPANIC AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeina) and their descendants should be classed as "Italian (south)." Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, **SAILING HERewith**, do solemnly, sincerely, and truly **SWEAR** that I have had \_\_\_\_\_ years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **11 MAY 1921** day of \_\_\_\_\_, 19  
at **NEW YORK**

Notar.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES, MASTER**, of the **AQUITANIA**, from **SOUTHAMPTON**, do

solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

**COMMANDING Officer.**

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by reason of proper coming under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894 (New York), Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

SOUTHAMPTON

I, **J. T. W. CHARLES**, of the **AQUATANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Bohemian by race might properly come under the head of race of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the departments of Piedmont, Lombardy, Venetia and Trieste, and their descendants should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., the departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Each alien on an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Place of destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not Yes or No, in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to visit relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors and officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITA**, **SAILING HEREWITH**, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Signature and title of immigration or other officer authorized to administer oaths.

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

## CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

## WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

## SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

## AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who believes in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

SOUTHAMPTON

I, **J. T. W. CHARLES**, of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **30** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING OFFICER.

Sworn to before me this **1921** day of **NEW** at **NEW**

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Headline status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of \$20, and if less, how much).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 18 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HEREWITH, do  
 solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician  
 and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**  
 and that I have made a personal examination of  
 each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according  
 to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical  
 condition of such aliens.

Sworn to before me this **21 MAY 1921** day of **MAY**, 19  
 at **NEW YORK**

(Signature and title of immigration officer or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in  
 the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
 If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and  
 the language they speak. The original stock or blood shall be the basis of the classifi-  
 cation, the mother tongue to be used only to assist in determining the original stock.

**Note.**—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

SOUTHAMPTON

I, **J. T. W. CHARLES**, MASTER, of the **AQUITANIA**, from \_\_\_\_\_, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this **17** MAY 19\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_ at **NEW** \_\_\_\_\_

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect or the Italian languages.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect or the Italian languages.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory, and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITAINE**, SAILING HEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this **11 MAY 1921** day of **NEW YORK**, 19

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Note.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbeliefs in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **J. T. W. CHARLES**, <sup>MASTER</sup> of the **AQUITANIA**, from **SOUTHAMPTON**, do solemnly, sincerely, and truly <sup>SWORN</sup> that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **21 MAY** day of **NEW**, 19

COMMANDING Officer.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.  
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)". Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States".

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, except husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$20, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, do solemnly, sincerely, and truly **MASTER** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.**, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

191

Sworn to before me this **21 MAY 1921** day of **MAY**, 19  
at **NEW YORK**

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in addition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

SOUTHAMPTON

I, J. T. W. CHARLES, of the AQUITANIA, from                     , do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 50 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

Sworn to before me this 21 day of MAY, 1921  
at NEW YORK

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarlinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

*[Signature]*  
(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

**SOUTHAMPTON**

**I, J. T. W. CHARLES**, MASTER of the **AQUITANIA**, from \_\_\_\_\_, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **50** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

COMMANDING Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (Whether having a ticket to each final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **B. SYDNEY JONES**, Surgeon of the **AQUITANIA**, SAILING HERETO, do solemnly, sincerely, and truly **SWEAR** that I have had **27** years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of **B. M. C.** 195, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **50** in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question, the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Polish alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a Romance dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereat. The entries statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid: as self; husband; father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.
